

University Access Centre (UAC)
Ho Chi Minh City
Vietnam

- **External UAC view** - Located in an upmarket area of Ho Chi Minh City and on the ground floor of the Serepok high rise office building, this flagship INTO operation brings together prospective students, local higher education institutes, local high schools and agents alike.

- **External UAC view** - Ground floor, office building in the heart the city centre. Close to shopping and universities to enable maximum footfall opportunities. The modern, "Apple" influenced space has a standout visual presence that enhances the INTO brand.

- **External UAC view** - Superbly presented retail-esque front entrance to showcase the centre and attract students. Secondary entrance via the office lobby which leads to the side entrance and lifts to the mezzanine floor.

- **Internal UAC, reception area** - IT savvy, modern and vibrant reception area with a bar table working area for students, casual counselling area and storage lockers. The "Apple" inspired interior brings students and educators closer together through technology.

- **Internal UAC, reception area** - 150x240 display screen on loop 24 hours a day showcasing our university partners. The casual multi function area used for discussing study options and CDI workshops. Also on the right are the secure storage lockers.

- **Internal UAC, reception area** - This hot desk space in the reception area allows staff to work side by side with prospective students and other visitors. The iMacs are also available to students to do their own research or applications.

- **Reception area, student storage** - Clean lines, modern and secure. Student lockers to be used for periods of self study or during Computer Delivered IELTS testing. Lockers for staff are located in a separate area.

- **Reception area** - Wifi enabled counselling area and lockers showing the 24/7 display screen that loops our university videos. The ground floor area also includes the hot desk area for international officers and INTO staff as well as the lift area to the Mezzanine Level.

- **Ground floor, hot desk area** – Space for INTO staff and international officers to work and collaborate. The open, well lit area provides bar table type seating as well as table-top style. Storage space for brochures is provided via the concealed back wall cupboards.

- **Ground floor, hot desk area** – This vibrant and modern hot desk area has plenty of space and available seating for future Universities who wish to use the facility. Collaborative or individual work as well as informal meetings can all happen here.

- **Ground floor, hot desk area** - Bar table style work area on the right and two large table type desks with space for 12 people to collaborate and share ideas. More storage space provided via the bookcase which can display university collateral.

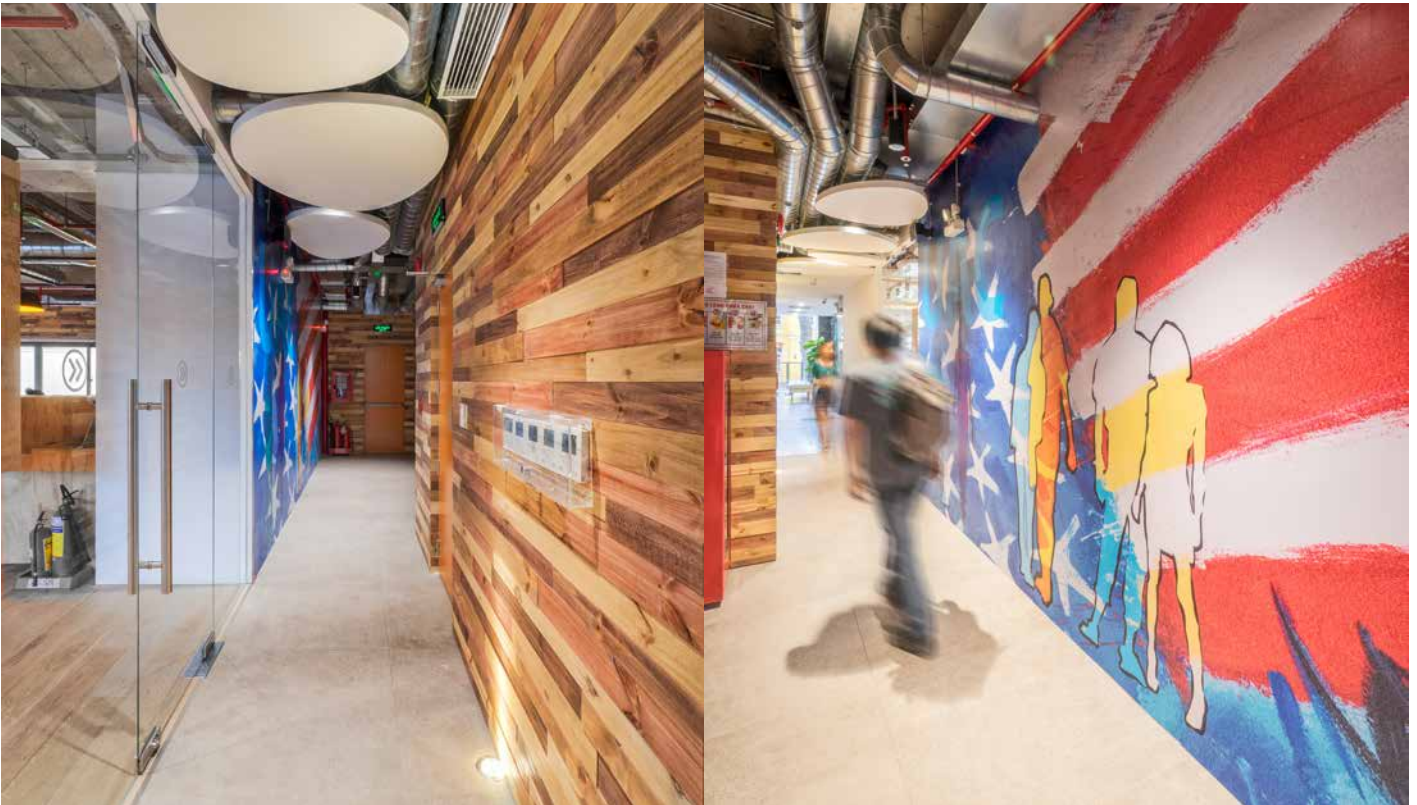

- **Ground floor, hot desk area** - Working side by side, INTO regional staff and hosted University staff can exchange ideas and strategies on how to engage with students either through our network of agents in Ho Chi Minh City or through the growing number of international school counsellors.

- **Ground floor, side entrance and reception** - View looking from the back of the facility to the front door and the side door on the left. There are two entrances to the UAC via the street and the office building (exterior corridor).

- **Ground floor, office corridor** - View of the exterior corridor leading to the staircase (via the orange door) and office building lobby. The staircase behind the orange door leads to the Mezzanine Level and additional UAC space.

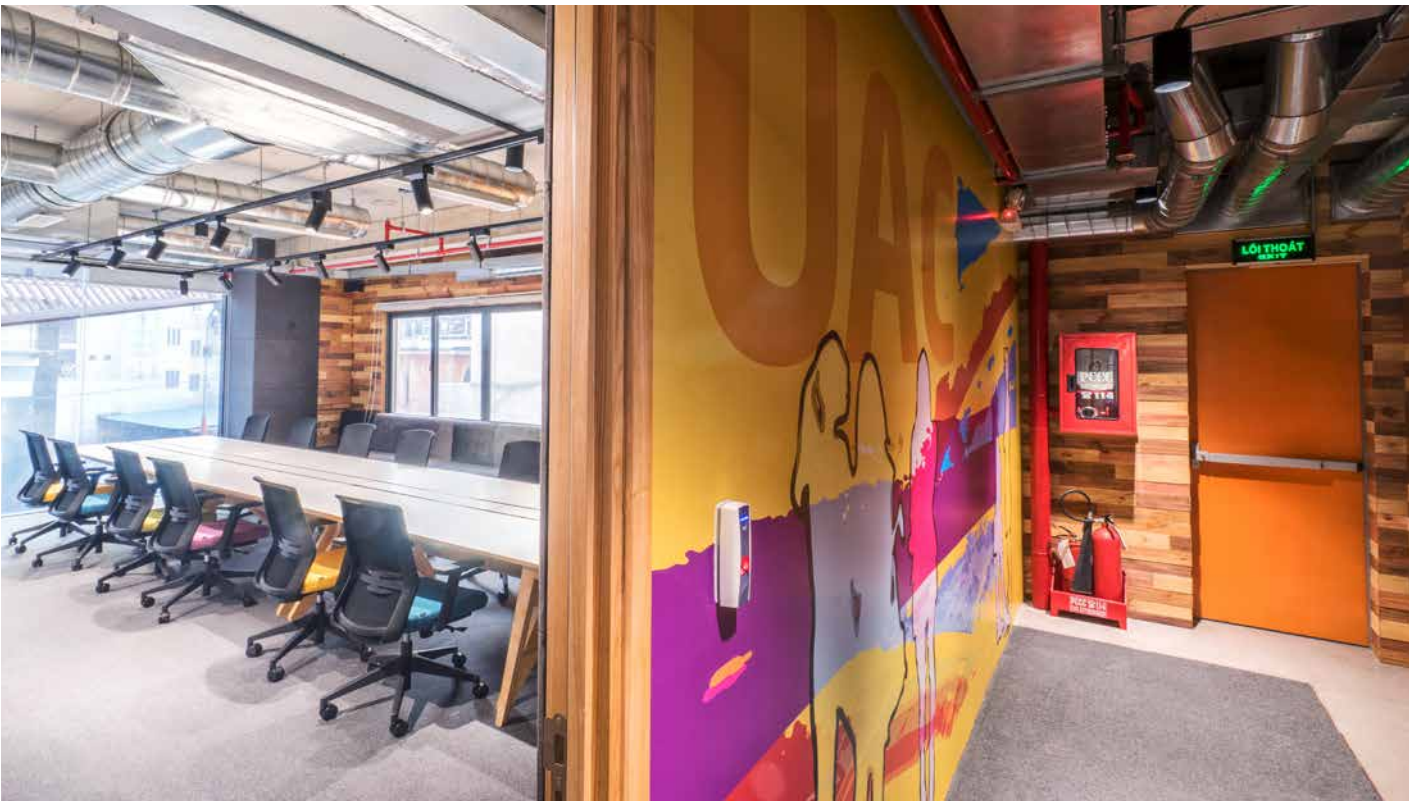

- **Ground floor, exterior corridor** - (Left) View from the office lobby with the side entrance to the UAC on the left. (Right) View towards the office lobby with the UAC entrance on the right.

- **Staircase between ground floor and Mezzanine Level** - Stairwell decorated in on-brand colours in keeping with the overall aesthetics to provide continuity between the two UAC floors.

- **Mezzanine Level** - Staircase doorway on the right opening to the middle of the corridor. The view here is of the lounge area and corridor. The lounge area includes soundproofed conferencing rooms which are used for the IELTS oral testing.

- **Mezzanine Level** - A corridor shot looking into and showing the multifunction facility. This room also doubles as the IELTS CDI test taking venue. The end of the corridor showcases further on-brand décor and the fire escape.

- **Mezzanine Level** - Lounge and additional multifunction area with meeting, break out, relaxing and consulting areas. Lifts, which provide disabled access, from the downstairs office lobby can be seen opposite.

- **Mezzanine Level** - Soundproofed, consulting, meeting, interview and IELTS oral testing rooms. On-brand colour scheme seen throughout the facility is clearly visible with these rooms.

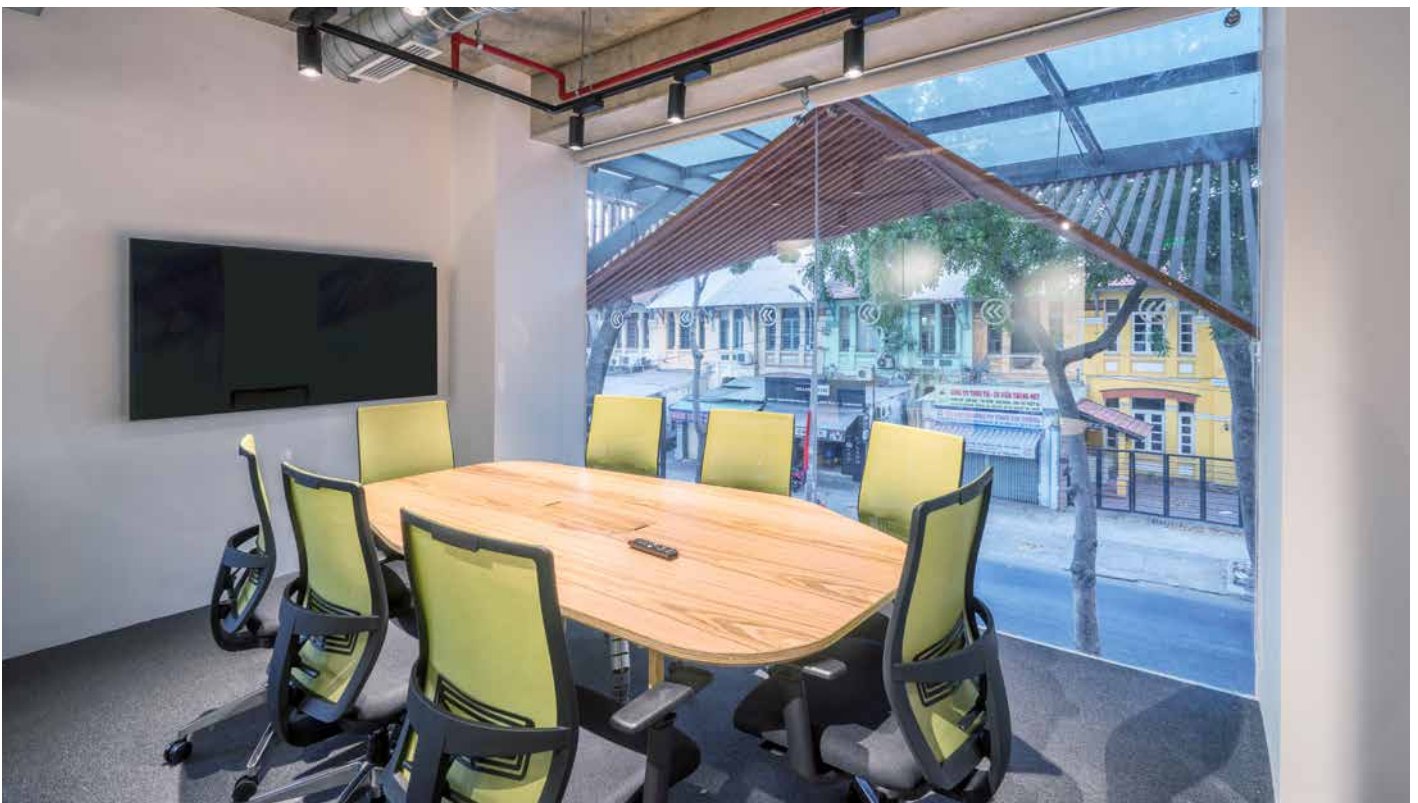

- **Mezzanine Level, Interview Room** - The interview rooms provide the privacy within the UAC that allows staff and students alike to conduct private meetings. These rooms are used for university interviews, IELTS speaking tests and internal video conference meetings.

- **Mezzanine Level** - Situated next to the interview rooms and lounge area. The management office has space for up to 4 staff. Currently it's used by the regional office staff and UAC management team with all the international officers student facing.

- **Mezzanine Level** - This view of the management office shows an ongoing meeting in the conference room having no effect on the management office. This segregation allows INTO staff an additional space to maximise their efficiency across the day.

- **Mezzanine Level** - Video conference and meeting room. Soundproofed for great acoustics and complete with the latest AV equipment and wireless connectivity. This modern VC room allows the RO and UAC staff to stay connected with colleagues.

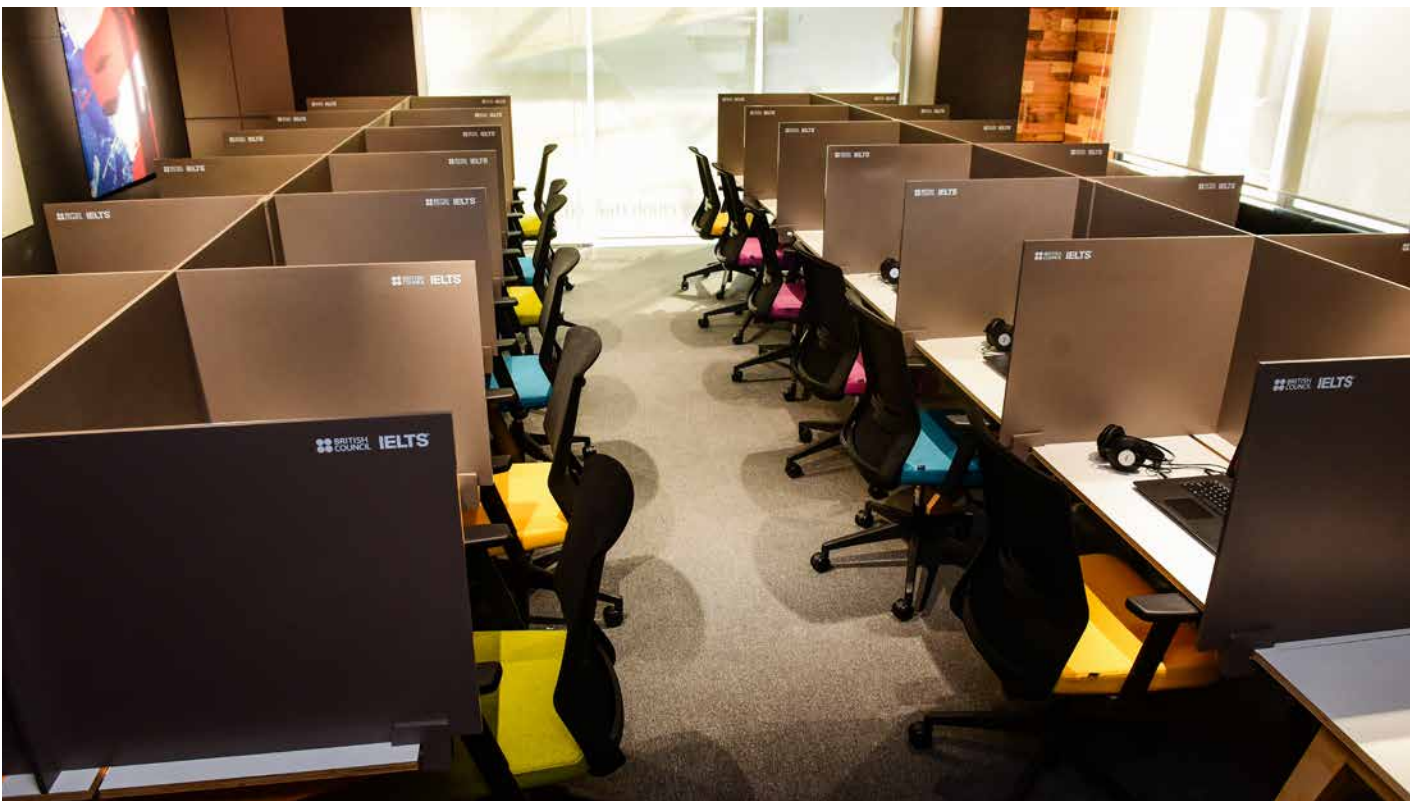

- **Mezzanine Level** - The multifunction room can be used by university partners and other stakeholders for private presentations, seminars and workshops. It can also be used for academic delivery.

- **Mezzanine Level** - The multifunction room provides great visuals, ample room and the latest AV equipment to ensure that any engagement has the highest impact. The sofa on the left can be used as a break-out space for creative ideas generation.

- **Mezzanine Level** - The multifunction room is repurposed with specially designed, collapsible and removable desktop dividers to enable the British Council's Computer Delivered IELTS. These can be safely stored when not needed.

- **Mezzanine Level** - The multifunction room with removable desktop dividers can accommodate 24 test takers at full capacity. The ability to engage with and influence future study abroad students is invaluable to any higher education organization.
