"INTO SLU teachers are always available to help. If I don't understand something, my professors advise me to take advantage of the English Language Center. They care about you, and they will work with you to teach you and work through your essay. Sometimes, people need more time to understand the language. They are there to help you. I am not a number here. My professors take the time to get to know my abilities, weaknesses and skills."

Dagmar, Panama
Academic English

"INTO SLU has professional academic courses on speaking, writing and reading. The teachers are really good and very understanding. There are times where we want to say something in English, but we cannot. There are words that we don't know how to say in English. Our teachers work with us to help us say what we are trying to say, and then fix our sentences. They do this by giving us examples, and offering suggestions on how we can say what we are trying to communicate."

Ha Na, South Korea
Academic English + Graduate Pathway MBA

"Saint Louis University's Jesuit mission not only prepares me as a professional, but also as a virtuous person. After graduating from the Pathway program, I decided to apply for both a University 101 peer instructor and an Office of International Services culture liaison position."

We don't design our programs for one type of student; our programs are built for every kind of student. Where you begin depends on your grades and English level. Where you end up is where you want to be: graduating with a bachelor's from SLU.

→ **DIRECT ENTRY:** If you meet the academic and English language requirements for your degree program, you can apply directly to Saint Louis University.

To apply, you need the following required documents: declarations, high school transcripts, university transcripts (for transfer applicants), proof of degree, personal statement (for freshman applicants only), accounting of time, passport and English test score. Transcripts must be in English. For more information, visit **www.slu.edu/admission/international**

→ **INTERNATIONAL YEAR ONE:** International Year One allows you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. You will receive additional academic, English language and cultural support to help you successfully complete your first year and graduate in the same amount of time as direct entry students. For more information, visit **www.intostudy.com/slu/programs**

→ **ENGLISH LANGUAGE PROGRAM:** If you do not meet the direct or International Year One entry language requirements, you can enter our Academic English program to improve your academic and language skills. Once you have achieved the required language level, you can progress to International Year One. Learn more on page 21.
