This is the INTO UEA experience

Welcome to INTO University of East Anglia (UEA)
– your pathway to a degree from UEA. We give
international students like you the opportunity to
achieve your academic ambitions and study in a unique
community of successful students on one of the UK's
safest campuses, with high satisfaction levels.

At INTO UEA, you will study a specialist
programme designed exclusively for
international students and tailored to
the requirements of the University. You
will complete your course at our modern
Study Centre in the heart of UEA's vibrant,
multicultural campus, where you will be part
of the community from the day you arrive.

Choosing to study abroad is a big decision,
but at INTO University of East Anglia, we will
give you everything you need to succeed at
university and beyond. Just take a look at our
student success rates in 2019–20!

Choose #INTOUEA and open up a lifetime
of opportunities.

**“INTO UEA was the very first INTO Centre and has welcomed
students for more than 10 years. Excellent facilities, combined
with our location in the heart of a beautiful campus, provide the
perfect environment for student success and happiness.”**

Debbie Price

This is UEA

The University of East Anglia (UEA) is a thriving global community that will support you in discovering who you are and who you want to be, backed by excellent teaching, employability enhancement opportunities and the latest research into global issues. Join UEA to make connections for life and explore your academic passions in a place where you belong.

GO FURTHER WITH YOUR STUDIES

UEA is globally recognised as a high-performing university that excels in its teaching. Students improve academically throughout their time at UEA, making a bigger difference between their arrival and graduation grades than other UK institutions*.

ENHANCE YOUR EMPLOYABILITY

Through work experience opportunities and links with global, national and local employers, you will have the chance to gain valuable industry experience as you build your professional network. At UEA, it isn't just about getting a degree – it's finding a career you'll love. Employability support includes:

- the Enterprise Centre – giving you the opportunity to start your own business with business coaching, funding and workshops
- CareerCentral – careers guidance while you are studying and after you graduate
- the UEA Award – develop core skills and attributes needed for future employment

THINKING WITHOUT BORDERS

UEA is part of the Norwich Research Park – one of Europe's largest collaborative research sites. Focusing on health, food, development and the environment, this unique research facility explores everything from plant science, genetics and microbiology, to food science, gut biology and human health.

FEEL LIKE YOU BELONG

UEA has the perfect balance between a peaceful, serene backdrop for your studies and a vibrant, multicultural hub of activity that always has something exciting to enjoy.

A great place for international students to call home, this unique campus:

- is designed as a mini-city with all the amenities you need in one place, but is only a short bus journey or bike ride to the creative and energetic city centre
- has a forward-thinking, stimulating and fun campus culture that welcomes new ideas and new ways of thinking, and recognises that a work-life balance is important for your academic success
- offers a student experience to remember for life – you'll join more than 3,500 international students from 100+ countries
- gives you the freedom to find out who you are and how you fit into your new community, so you can feel like you belong

“Over the past decade, INTO students have played a significant role at UEA – benefitting from a vibrant academic, social and cultural experience on campus. INTO takes the amazing potential of its students and prepares them for further success at UEA.”

Professor David Richardson
Vice-Chancellor, UEA

“You need to connect with people who have experience in your field, and UEA provides plenty of opportunities to network with students and professionals. The Actuarial Sciences department, for example, works closely with one of the biggest insurance companies in the world – Aviva.”

Ian, Kenya
Willis Towers Watson Actuarial Associate
BSc (Hons) Actuarial Sciences
with a year in industry, UEA
(First Class Honours)

RESEARCH THAT MAKES AN IMPACT

UEA believes that anything is possible when creative and forward-thinking people get together. The people make UEA unique. People like you, who aren't scared to think outside the box and push things forward.

Many award-winning scientists and authors have studied here, along with remarkable medics, business people and academics, including Nobel Prize winning geneticist Sir Paul Nurse and novelist Sir Kazuo Ishiguro.

* Guardian University Guide 2019

This is your campus

This is UEA

With distinctive and award-winning architecture, UEA’s campus is a vibrant and inspiring place to live and study. It’s designed as a mini-city for students, so you will find everything you need for an amazing study abroad experience.

YOUR INTO STUDY CENTRE

The INTO Centre is located in the centre of campus and provides university-style teaching to prepare you for UEA. You will benefit from:

- a **Learning Resource Centre** containing academic books, journals and computers
- three well-equipped **science laboratories**
- a **lecture theatre** seating up to 80 students so you can experience lecture-style classes
- the **INTO UEA Café** serving three meals a day, with halal and vegetarian options
- your **accommodation** in the same building as your classes (see page 9)

WE’RE HERE TO SUPPORT YOU

From the moment you arrive, the **INTO Student Services** team will help you settle into life in Norwich. Staff are on hand 24 hours a day and extra support is provided for students under 18.

Our dedicated team of Social and Welfare Officers who can support you with any non-academic issues, including:

- help registering with a doctor
- help with renewing your visa
- advice and guidance about student life

UNIVERSITY FACILITIES

INTO UEA students also have access to many of the University’s facilities, such as:

- **UEA library** – open 24/7, 365 days a year
- **Sportspark** – with an Olympic-sized swimming pool, in and outdoor courts and pitches, a fitness centre and a climbing wall
- **Multifaith Centre** – a spiritual meeting place and community centre on campus
- several **on-campus restaurants** serving international food options

SUBJECT-SPECIFIC FACILITIES

UEA has some amazing **subject-specific facilities** available which, depending on your chosen degree, you may be able to access.

- industry-standard film and television studio
- EEG, Transcranial Magnetic Stimulation, Functional Near-Infrared Spectroscopy, motion tracking and eye tracking labs
- mock pharmacy dispensary
- virtual reality theatre
- anatomy suite and treatment labs
- the interactive Norwich Electronic Assistive Technology (NEAT) Centre

“The thing I like most about UEA is the diversity – I’ve met students from all over the world. There are also many clubs, societies and activities – something for everyone – so you truly never feel bored.”

Sofia, Colombia
BSc (Hons) Biochemistry, UEA
Part-time Human Resources Executive, Enactus UEA

YOUR STUDENT SOCIAL LIFE

The INTO Centre runs regular trips, game and movie nights, crafting nights and seasonal events to entertain you between studies.

As an INTO UEA student, you will also become a member of the Students’ Union. You’ll find a range of facilities and entertainment options here and across campus, including:

- **Unio Coffee** – an ethical coffee shop
- **bar(su) and pizza(su)** – two bars that host regular student events, plus a pizzeria
- **shop(su)** – containing student essentials
- **The Hive** – there’s always something interesting going on here!
- **250+ clubs and societies**
- **The LCR** – a popular nightclub and music venue located in the middle of campus

CITY CENTRE AND CITY ACCOMMODATION

(Times Higher Education Student Experience Survey 2018)

Top 10

in the UK for student social life
(Times Higher Education Student Experience Survey 2018)

A UNIQUE LIVING ENVIRONMENT

UEA’s campus is described as a **mini-city**, containing all the practical amenities you’ll need for daily life as well as a wealth of social opportunities, entertainment options, and 145 hectares of scenic wildlife trails to explore.

This is Norwich

THE UK’S BEST KEPT SECRET

One of the most climate-friendly English cities (Friends of the Earth 2019) and the top vegetarian and most vegan-friendly city in the UK (HuffPost 2019), Norwich is for the eco-conscious.

It’s also a great place to explore and have some fun – full of creativity, energy and culture. Just two miles from the UEA campus, it doesn’t take long to embrace city life here.

A FAVOURITE STUDENT CITY

Home to hundreds of creative businesses, stylish shops and international restaurants, Norwich is an exciting place to live in.

The city is large enough to host major events, such as the stunning theatrical acts of the Norfolk and Norwich Festival, but small enough to find hidden gems. You’ll discover:

- a trampoline park, bowling alleys, cinemas and theatres
- several Chinese, Asian and international supermarkets
- music acts performing at The Waterfront, run by UEA’s SU
- two modern shopping centres to buy top brands
- easy travel to the coast to get involved in watersports
- a dry ski slope within a few miles of the University

EXPLORE THE UK FROM NORWICH

If you are eager to explore the rest of the UK and Europe, Norwich has great transport links. Fly to Edinburgh or Amsterdam from its international airport, or get the train to:

- Cromer Beach – 1 hour
- Cambridge – 1 hour and 20 minutes
- London – under two hours

“INTO UEA is located in Norwich which is one of the safest cities in the UK. This made my parents feel secure in sending me abroad to study. I love the city – it has a great market which sells really good food, as well as a beautiful river. I liked strolling around the riverbank at the weekend.”

Janice, Indonesia
Cambridge University Hospitals NHS Trust Resident Pharmacist
MPharm Pharmacy with a placement year, UEA
(First Class Honours)

This is your home

INTO UEA offers a unique living and learning experience. With your accommodation just a few minutes’ walk from your classes, you will be in the best position to organise your time efficiently for a well balanced studying and social experience.

INTO STUDENT RESIDENCES

If you would like to live on campus, the INTO student residences are in the same building as the INTO Centre, so you are perfectly located for getting to your lessons quickly and easily! Your accommodation will include:

- a private study bedroom with bathroom
- shared kitchen and living spaces with other INTO UEA students
- the option to book a meal plan and have two meals cooked for you in the on-site, international INTO Café every day

After you complete your INTO course, you’ll be guaranteed accommodation in UEA halls of residence for the first year of your degree.

HOMESTAY

This is a unique opportunity to experience British life and culture first-hand. You will have a private room in a carefully selected host’s home, sharing mealtimes and living spaces.

SUPPORTING YOU

In the residences, you will find on-site staff available 24/7 to offer support and ensure your experience is a happy one. If you are under the age of 18, you will live on a corridor with additional entry access security and receive extra support from the Welfare team.

Take a virtual tour of the campus, city and our accommodation:

International Foundation

Business, Economics, Society and Culture - FBS

Progress to 100+ degrees. Scan the QR code to find out more.

- During your pathway programme, you will demonstrate your entrepreneurial skills by making real profits with real money, using a business idea of your choice.
- Opportunity to progress to an undergraduate degree in a business, management or accounting subject area at the AMBA and AACSB accredited Norwich Business School.

What will I study?

You will need to earn 120 credits from the following modules:

Academic English and Study Skills (40 credits)
Economics (10 credits)
Foundation Mathematics (20 credits)
Introduction to Business (10 credits)
Professional and Communication Skills (20 credits)
Society and Culture (20 credits)

Humanities and Law - FHUM

Progress to 60+ degrees. Scan the QR code to find out more.

- Benefit from practical learning, including experiencing a British courtroom in session, and develop a global outlook by analysing current international relations.
- Progress to a degree in a wide range of subject areas within the Faculty of Arts and Humanities, the School of International Development or UEA Law School.

What will I study?

You will need to earn 120 credits from the following modules:

Academic English and Study Skills (40 credits)
Foundation Mathematics (20 credits)
International and Development Studies (20 credits)
Law (20 credits)
Society and Culture (20 credits)

"The exceptional teachers at INTO UEA care deeply about the academic development of their students. They are so invested in helping you succeed and are very supportive of your dreams and aspirations. INTO really helped to prepare me for my university education."

Duuamene, Nigeria
PhD in Medical Sciences, University of Cambridge
BSc (Hons) Biomedicine, UEA (First Class Honours)

Mathematics and Actuarial Sciences - FMAT

Progress to 80+ degrees. Scan the QR code to find out more.

- Benefit from practical classes, trips and a research project during your pathway programme so you can collect data and put your data analysis skills into practice.
- Opportunity to progress to an undergraduate degree at UEA's School of Computing, School of Mathematics or the AMBA accredited Norwich Business School.

What will I study?

You will need to earn 120 credits from the following modules:

Academic English and Study Skills (30 credits)
Economics (10 credits)
Introduction to Accounting (15 credits)
Mathematics (30 credits)
Physics (20 credits)
Problem Solving for Mathematical Sciences (15 credits)

Pharmacy, Health and Life Sciences - FPB

Progress to 70+ degrees. Scan the QR code to find out more.

- During your pathway programme, you will develop your practical skills in science laboratories at the INTO Centre using high-quality equipment.
- Progress to a degree at the School of Health Sciences, the School of Biological Sciences, the School of Pharmacy, or another school within the Faculty of Science.

What will I study?

You will need to earn 120 credits from the following module options:

Core modules:
Academic English and Study Skills (30 credits)
Biology and Human Physiology (30 credits)
Foundation Chemistry (15 credits)
Further Chemistry (10 credits)
Numerical and Analytical Skills (20 credits)
Specialist modules:
Preparation for Health and Life Sciences (15 credits) or
Introduction to Pharmacy Skills (Pharmacy applicants only) (15 credits)[†]

Physical Sciences and Engineering - FPS

Progress to 80+ degrees. Scan the QR code to find out more.

- During your pathway programme, you will learn planning and team management skills to help you lead in group projects such as building and programming LEGO robots.
- Opportunity to progress to an undergraduate degree in engineering, benefitting from UEA's strong links to businesses such as Arriva, Claxton Engineering and Shell UK.

What will I study?

You will need to earn 120 credits from the following module options:

Core modules:
Academic English and Study Skills (30 credits)
Foundation Chemistry (15 credits)
Mathematics (30 credits)
Physics (20 credits)
Specialist modules:
Applied Physics (10 credits) or
Further Chemistry (10 credits)
Introduction to Pharmacy Skills (Pharmacy applicants only) (15 credits)[†] or
Problem Solving for Mathematical Sciences (15 credits)

Sports Development BSc (Hons) Y	FPB	60% in Biology and Human Physiology.	60% (with 60% in all subskills)	60%

Find comprehensive information on all academic pathway programmes, degree options and progression requirements at: www.intostudy.com/uea/courses

P Degree option with a work placement also available
Y Degree option with a year abroad or overseas experience also available

Please note: English level and academic progression requirements are correct to the best of our knowledge at the time of going to print. In some circumstances, these may change throughout the year - please visit www.intostudy.com/uea/courses for the most up-to-date information. Progression requirements, including English level and final grade, may be higher for degrees with a year in industry, a year abroad/overseas placement, and with an integrated Master's.

* A Master's degree option is also available.

International Year One

Biology - BLGY

Progress to **4** degrees. Scan the QR code to find out more.

- Benefit from pathway modules taught alongside first year students at UEA: 'Biodiversity', 'Evolution, Behaviour and Ecology' and 'Molecular Biology and Genetics'.
- Take advantage of extensive research facilities in the Norwich Research Park, as well as modern teaching labs in the new £31 million Building for Science and Engineering.
- Opportunity to progress to Year 2 of an undergraduate degree in biological sciences or molecular biology and genetics at UEA's School of Biological Sciences.

What will I study?

You will need to earn 120 credits from the following modules:

Biodiversity (20 credits)

Biological Chemistry for International Students (20 credits)

Cell Biology and Physiology for International Students (20 credits)

English and Skills for Biologists (20 credits)

Evolution, Behaviour and Ecology (20 credits)

Molecular Biology and Genetics (20 credits)

Biomedicine - BIOMED

Progress to **1** degree. Scan the QR code to find out more.

- Progress to Year 2 of BSc (Hons) Biomedicine at UEA's School of Biological Sciences.
- Benefit from the following pathway modules taught alongside first year students at UEA: 'Introduction to Biomedicine' and 'Molecular Biology and Genetics'.
- 'Introduction to Biomedicine' is taught by world-class academics from the School of Biological Sciences and Norwich Medical School, as well as hospital consultants and biomedical scientists from the Norfolk and Norwich University Hospital.

What will I study?

You will need to earn 120 credits from the following modules:

Biological Chemistry for International Students (20 credits)

Cell Biology and Physiology for International Students (20 credits)

English and Skills for Biologists (20 credits)

Introduction to Biomedicine (40 credits)

Molecular Biology and Genetics (20 credits)

"During my degree, I had the opportunity to work at the John Innes Centre – a centre dedicated to research in plant and microbial science. This gave me a wealth of practical skills and a better understanding of research in my field of interest."

Mellieha, UK
PhD in Plant Sciences, UEA
BSc (Hons) Molecular Biology and Genetics, UEA

Please note: English level and academic progression requirements are correct to the best of our knowledge at the time of going to print. In some circumstances, these may change throughout the year - please visit www.intostudy.com/uea/courses for the most up-to-date information.

Progress to Year 2 of an undergraduate degree at UEA

Start date

3 term: Sep

English language entry requirements*

3 term: IELTS 5.5 (with a minimum of 5.5 in writing and no less than 5.0 in other subskills) or equivalent.

Age requirement

17 years and above**

* If you do not meet the minimum English language requirements, you should apply for our Academic English course. See page 19 for more information.

** All students commencing courses on a September start date must be 17 years old by 31 December of that calendar year.

† While this is a non-credit bearing module, it is essential, along with your academic modules, for your progression.

P Degree option with a work placement also available

Y Degree option with a year abroad or overseas experience also available

Progress to a postgraduate degree at UEA

Start date

1 semester: Jan or Apr
2 semester: Sep or Jan

English language entry requirements*

1 semester: IELTS 5.5 (with a minimum of 5.0 in all subskills) or equivalent.

2 semester: IELTS 5.0 (with a minimum of 4.5 in all subskills) or equivalent.

For students intending to progress to Mathematics Education, Second Language Education, Education Leadership and Management or Education: Learning, Pedagogy and Assessment:

1 semester: IELTS 6.0 (with a minimum of 5.5 in all subskills) or equivalent.

English courses

Study English at the University of East Anglia to improve your English level fast with tailored, personalised support and for the smoothest transition to further UK academic studies.

EN Academic English

This course is for you if:

- You want to study an English course that is more than language learning – you'll develop the academic skills needed to successfully study in the UK.
- You want to benefit from studying in an English-speaking environment where you can easily practice your language skills and immerse yourself in the culture.

How will Academic English benefit me?

- Improve your English levels in speaking, reading, listening and writing as you get accustomed to British culture, education and learning styles, and gain the academic skills crucial for success in your UK studies.
- Multiple start dates tailored for students at different levels to improve your English to the level required for further academic study.
- Online and on campus options, including a fast-track online course that aims to improve students' English level by half an IELTS band.
- Extended International Foundation and International Year One courses available with a term of Academic English in one programme.

Benefit from UEA's Conversation Club

Conversation Club is a weekly activity for international students that:

- focuses on boosting your confidence in your English speaking skills
- encompasses a range of activities where you learn to talk about yourself, ask other students questions and learn new vocabulary and grammar
- is designed to be fun and accessible and involves activities such as describing pictures, quizzes and games
- involves group activities so you get the opportunity to meet people outside your normal social group

EN Pre-sessional English

This course is for you if:

- You are academically qualified and hold an offer from the University of East Anglia.
- You need to improve your English language skills to the level required for your degree.

How will Pre-sessional English benefit me?

- Improve your core English skills in listening, speaking, reading and writing.
- Adjust to living and studying in the UK and to the style, challenges and expectations of the UK higher education system.
- On completion of the Pre-sessional English course, you will be able to successfully progress to your chosen degree at the University of East Anglia.

"The Academic English course significantly improved my academic vocabulary and taught me how to structure a research paper."

Fabio, Angola
BFA IT Security Technician
MSc Advanced Computing Science, UEA

Improve your English language skills to prepare for further academic study
