

Dear Student

Students who are citizens or residents of countries within the European Economic Area (EEA) and Switzerland may be entitled to pay “home” student fees for their degree at a UK university *if* they have either settled/pre-settled immigration status. Home student fees are generally lower than international student fees.

Home student fee status does not apply to any INTO courses. All students pay international fees for INTO courses but it is important that we know the true fee status of all students because it is not always possible for students with home student fee status to progress to degree study from an INTO programme.

INTO cannot determine the fee status of a student. The regulations are set by the government and are completely outside the control of the universities, colleges, or counsellors. Students should check these regulations for themselves by checking the website:

<https://www.ukcisa.org.uk/Information--Advice/Fees-and-Money/Home-or-Overseas-fees-the-basics>

You will then need to check the explanation of the fees regulations/guidance for the relevant area of the UK where you will be studying, located under the ‘Information & Advice’ section of the website.

- Visa requirements are not affected by fee status. Students who do not meet the requirements for home student status can still travel and study without a visa if they have an appropriate passport.
- Students cannot choose their status. Universities are not allowed to accept international fees from a student who qualifies for home student status.

After reading the information provided above, please complete and sign the declaration on the following page.

Declaration:

I confirm that I have read and understood the above information, and the information given on the UKCISA website, and can determine that at the stage of starting my progression degree I will be classed as:

- an international fee-paying student;
- a home fee-paying student as the following:
 - pre-settled visa status;
 - settled visa status;
 - British Citizen/British Passport Holder.

Signature:

I understand that it may not be possible for home fee-paying students to progress from an INTO pathway programme to relevant degree/masters programmes at INTO Partner Universities.
