

One visa, one study plan, no fuss.

Our **iCAS programmes** make it easy for students to study, progress and graduate.

Choose from **100s** of **degrees** across **5 UK centres**

What is an iCAS programme?

Our iCAS (integrated Confirmation of Acceptance for Studies (CAS)) programme allows students to apply for a combined visa that covers both academic pathways and degree courses – creating one seamless study plan.

Programme benefits

- Only one visa is needed for the whole length of the study plan.
- No need for extra IELTS tests between pathway and degree.
- No visa requirement to return home between courses.
- No SELT requirement with many alternative language tests accepted*.
- Allows students to work up to 20 hours per week in the UK.

“My university was a great choice, I had teachers who were top in their fields. I gained a lot of confidence at INTO first – it gave me what I needed to continue with my degree, particularly fluency in English.”

Juan, Venezuela

BA (Hons) Politics and Economics with International Year One (First Class Honours), University of Stirling

* Subject to successful completion of SELT. Accepted list of alternative language tests to IELTS include: TOEFL iBT, Pearson Test of English (PTE), Cambridge Proficiency (CPE) and Duolingo English Test (DET). Not all alternative language tests are available at each centre. For a full list of accepted tests for each INTO centre, visit intostudy.com/en/study-abroad/country-guides/uk/visas/ielts.
